CONSULTANTS

Representing Rush Medical College of the University of Chicago and Medical Staff Presbyterian Hospital:

ERNEST E. IRONS, M.D., Ph.D. Clinical Professor of Medicine and Dean, Rush Medical College.

GEORGE F. SHAMBAUGH, Ph.B., M.D. Clinical Professor and Chairman, Department Laryngology and Otology, Rush Medical College.

EDWIN M. MILLER, B.A., M.D. Assistant Clinical Professor of Surgery, Rush Medical College.

Representing Alumnae Association, School of Nursing:

MISS HELEN I. DENNE, Class 1915. Professor of Nursing, Director School of Nursing, University of Wisconsin.

MISS CATHERINE M. BUCKLEY, Class 1912. Dean School of Nursing. University of Cincinnati.

MISS EULA BUTZERIN, Class 1914. Assistant Director of Preventive Medicine and Director Public Health Nursing, University of Minnesota.

Physician to the School:

L. C. GATEWOOD, M.D.

Other members of the Staff upon request.

OFFICERS OF ADMINISTRATION AND INSTRUCTION

M. HELENA McMILLAN, B.A., R. N. Director School of Nursing and Superintendent of Nurses, Presbyterian Hospital.

MAY L. RUSSELL, R.N. Assistant to Director of the School and Dean of students. Instructor of Nursing and of Ethics, School of Nursing.

HARRIET L. FORREST, R.N. Assistant Superintendent of Nurses and Supervisor of Nursing, Presbyterian Hospital.

EMMA B. AYLWARD, House Matron and Dietitian, Sprague Home.

BEULAH DALTON, Ph.B., R.N. Instructor Drugs & Solutions, Assistant Instructor Materia Medica, Anatomy, Physiology, Pathology.

DOROTHY AINSWORTH, R.N. Assistant Instructor Nursing Technique, Teaching Supervisor.

FRANCES E. SEEGMILLER, R.N. Assistant Instructor Case Study, Teaching Supervisor Medical Nursing.

ELLA MAY VAN HORN, M.S., R.N. Instructor Public Hygiene, Health Advisor and Nurse, School of Nursing.

MADELAINE L. SWETLAND, B.A., R.N. Assistant Instructor Nursing Technique, Instructor Charting, Bandaging, Assistant Teaching Supervisor.

THE SCHOOL OF NURSING OF THE

MARGERY MACLACHLAN, B.S., R.N. Instructor History of Nursing,
 Assistant Instructor Chemistry, Bacteriology, Orthopedics.
 ELEANOR SMITH, R.N. Assistant Superintendent Nurses and Super-
 visor of Nursing, Presbyterian Hospital.
 LIALA I. JOHANSON, R.N. Assistant Superintendent Nurses and Super-
 visor of Nursing, Presbyterian Hospital.
 MARY W. WILSON, R.N. Night Superintendent and Supervisor of
 Nursing, Presbyterian Hospital.
 N. FLORENCE COOPER, R.N. Assistant Night Superintendent and Super-
 visor of Nursing, Presbyterian Hospital.
 ELIZABETH J. LEHMAN, B.A., R.N. Secretary and Registrar.

GENERAL STATEMENT

The School of Nursing is a part of the Presbyterian Hospital, governed by the Board of Managers, which is responsible for the education, health and general welfare of the students. This Board is assisted by the Woman's Board, the members of which are interested in everything which pertains to the student nurse.

The School of Nursing, established in 1903, adopted, at the beginning, only approved methods of organization. The eight-hour day, the six months' preparatory course, intensive class room instruction were installed and have been maintained. An affiliation with the Rush Medical College of the University of Chicago and assignment of the students for nursing practice in the Presbyterian Hospital assure for them instruction by members of the faculty of the Rush Medical College of the University of Chicago and of the Medical Staff of the Hospital.

THE OBJECTIVE

The aim is to prepare nurses to give efficient care to the sick in the community as well as to those in hospitals, and also to furnish a good foundation upon which to build additional experience in the fields of administration, teaching and public health.

The fact that many of the twelve hundred and thirty-nine who have been granted diplomas up to December 31, 1932, are now holding responsible positions all over the world bears testimony to the successful accomplishment of its efforts.

Since 1920 the School has been a member of the Central Council for Nursing Education, which was organized at that time to maintain the Standard of Nursing Education in the Middle West.

EDUCATIONAL FACILITIES

The Presbyterian Hospital offers excellent experience in medical, surgical, gynecological, obstetrical, children's nursing while its private service prepares nurses to meet the problems of private duty nursing.

The Pharmacy, Diet Kitchens, Operating Rooms and the Occupational Department of the Hospital are utilized for instruction of the students, who while in those departments are taught by the specialists in charge.

Graduate nurses instruct and supervise all nursing assignments of students: the Medical Staff of the Presbyterian Hospital, and of the faculty of the Rush Medical College of the University of Chicago instruct both in the class room and by the bedside, the affiliation with the University of Chicago through the Rush Medical College providing instructors for a portion of the class work as well as experience in the many clinics of the college.

The out-obstetrical department of the Rush Medical College, and the clinics of the Central Free Dispensary, with its large daily average of patients, offer most valuable non-hospital nursing experience, the Infant Welfare Clinic and the pre-natal clinic supplementing the experience gained in the children's and the obstetrical departments of the Presbyterian Hospital.

Starting October, 1933 arrangements have been made for two months' experience in communicable diseases at the Chicago Municipal Disease Hospital for those students who are passed by the school physician as physically qualified for this course and who have been successfully inoculated against typhoid fever, small pox, diphtheria and scarlet fever.

The Illinois State School of Psychiatric Nursing admits our students who elect experience in the care of the mentally ill: the Chicago Lying-in Hospital accepts some of our students wishing additional experience in obstetrical nursing: the Chicago Visiting Nurse Association, the Infant Welfare Society of Chicago and the Rural Nursing of Cook County each grant similar privileges.

Through the courtesy of a neighboring Y. M. C. A. the gymnasium of that institution is used weekly for the practice period of the preliminary class.

The Sprague Home is provided with a well equipped laboratory, library, and class rooms. The use of the library of the Rush Medical

College is open to the students of the School of Nursing, for reference or special reading, while the Hospital circulating library efficiently supplements these two.

HOURS OF CLASS ROOM AND PRACTICE WORK

During the first six months an average of five hours is spent in the class room five days a week, leaving three of an eight hour day for supervised practice work in the various departments of the Presbyterian Hospital. Students of the preliminary class are free from class or practice work the afternoon of each Saturday and Sunday.

At the end of six months, if the student has shown evidence of a general fitness for nursing, good health, and ability to carry the didactic courses, she is placed on nursing duty in the Presbyterian Hospital.

Throughout the three years, time is arranged for each student to be free from hospital duty one afternoon weekly and part of Sunday. When carrying heavy class work the hours of practice work are reduced from the regular eight hours.

Night duty, from 11:00 P. M. to 7:00 A. M., is assigned to students for such time as is necessary for their education. After a period of night duty, a short interval is arranged for rest and relaxation, which must be used for that purpose only.

VACATIONS AND LEAVE OF ABSENCE

Four weeks' vacation is granted each year as class work and other conditions of the School permit. As lengthened or repeated absences from the School prevent the student keeping up with her class, she is advised to use the vacation allowance for rest and recreation only, and to avoid unnecessary interruption in her duties. Students requiring other than the allotted vacation are considered on leave of absence, and should they desire to return, must do so at the convenience of the School.

HEALTH

The health of student nurses is one of the chief concerns of those in charge of the School. All prospective students must present a record of good health, and remediable physical defects must be corrected before admission. On or before admission, each student is given a physical examination by the School physician, and the Hospital assumes no financial responsibility for illness resulting from physical defects discovered at that time. Such subsequent examinations and advice are given as may be necessary to maintain the health of the student. In case of any illness, except those from defects existing before entrance, students are admitted into the Hospital and cared for, without cost to them, for a reasonable length of time. Time lost through illness must be made up before graduating. A graduate nurse

is on duty in the Sprague Home for the purpose of supervising and conserving the health of the student.

STUDENT ACTIVITIES

Each class, upon entrance, is organized, elects its own officers, and is prepared for participation in general student undertakings.

A branch of the National Student Y. W. C. A. established in 1914, elects officers yearly from the student body, sends delegates to National or State Conventions, and helps to maintain in the school a healthy, progressive, Christian spirit and to keep the student in touch with the religious and Christian work of the world.

A Student Volunteer Band functions in similar manner.

Informal parties or dances may be held upon request of members of the household. Pianos and radios add to the interest of the student life in the Sprague Home, with tennis and frequent picnic parties in the summer.

RELIGIOUS OPPORTUNITIES

A vesper service is held daily in the Sprague Home, which students are expected to attend.

Students are always welcome at the Sunday morning service held by the Chaplain in the Chapel of the Hospital.

The many churches of various denominations in the neighborhood of the School give ample opportunity to students to make church affiliations and to attend regularly. In-coming students who are already church members should bring their letters and identify themselves with local congregations.

APPLICATION

Requests for information and applications for admission should be addressed to the Director of the School of Nursing, Presbyterian Hospital, Chicago, and when practicable, candidates for admission should arrange for a personal interview. As the number of appointments are limited the School reserves the right to select those whose credentials, in the judgment of the committee, indicate that they are best qualified for nursing.

Applicants must be in good health, of good character and personality, between twenty and thirty years of age. They must furnish a statement from a physician, one from a dentist and if glasses are worn, one also from an oculist. Before entrance a Qualifying Certificate, obtained from the Department of Registration and Education, Springfield, Illinois, must be secured and sent to the School.

For admission at least graduation from high school is required, with grades indicating ability to carry a professional course. The sixteen units should include: four years English (3 units); two years science, biology or general science and a second science, preferably

chemistry (2 units); one year algebra, general mathematics or commercial arithmetic (1 unit); one year history (1 unit); civics ($\frac{1}{2}$ -1 unit). The other eight units may be elective. It is recommended that two courses in Home Economics be included, two years of a foreign language and one-half to one unit in Economics. If the applicant has had college work she should obtain an authorized statement of her college credits in addition to her high school grades.

A class, limited in number, enters each September. The necessary instructions regarding equipment, date of arrival at the Sprague Home and other details are given when, having been notified of her acceptance, the candidate pays her Registration Fee and is formally enrolled.

REQUIREMENTS IN COURSE

Students are advanced from one class to the next only upon satisfactory completion of the work of each term. The record considered includes personal qualifications, thoroughness in work, both in hospital practice and class room, physical ability to carry the work, ethical standards. Students who fail to make satisfactory grades in more than two subjects, show themselves lacking in personal qualities which give promise of success, or who are unable to meet the demands of nursing in the Presbyterian Hospital are dropped. At the discretion of the Committee students who have failed to make a satisfactory grade in one or two subjects may be permitted to repeat those subjects. If this permission be granted the hospital practice work must also be repeated, lengthening the course of those students by two months for each subject repeated.

On account of the intensive nature of the course, if college women who have been granted time credit for science work already accomplished select electives, an addition of two months to cover the period will be added. The amount of time granted for college work depends not only upon the credits presented but also upon the record of class room and practice work made by the student in the first two years in the School of Nursing. In no case does this exceed one month for each year of college work.

FEES AND EXPENSES

A registration fee of ten dollars is paid at the time the candidate is given an appointment. Should she fail to enter at the selected time, this fee is not returned.

The matriculation fee is fifty dollars, half of which is paid upon entrance, the remaining twenty-five dollars three months later, none of which is refunded.

Text books for the entire course are estimated to cost not over forty dollars, and uniforms, after the first six months, not above seventy-five dollars. Cost of text books and uniforms is borne throughout the course by the student.

There is no opportunity for students to earn money in the School and each should be assured of a monthly allowance of at least ten dollars above the amount needed for text books and uniforms.

Board, room and a reasonable amount of laundry are provided throughout the three years.

FINANCIAL ASSISTANCE

The Woman's Board grants small monthly loans to students recommended by the Director of the School. At least one year's residence is necessary, with a record of general fitness, before a loan may be permitted. This is to be repaid, without interest, within two years after graduation or should the student fail to graduate, at as early a period as she can arrange.

The Woman's Board also grants, after six months' residence, upon recommendation of the Director of the School and of the Finance Committee of the Woman's Board, an allowance of ten dollars a month to young women preparing for the mission field and who have been approved by the Mission Board under which they expect to serve, preference being given to candidates for the Presbyterian Board of Missions. This money is not returned unless the recipient fails to complete her course in the School of Nursing or to carry out her intention of undertaking work in the foreign field.

RESIDENCE

Students of the School live in the Sprague Home, a modern fire-proof building opposite to and connected by subway with the Presbyterian Hospital. Bed rooms, dining, recreation, and reception rooms are comfortable and cheerful, allowing a pleasant home life with opportunity for the students to receive their friends.

All bed rooms are fully furnished.

The kitchen, located in the Sprague Home, is under the charge of a dietitian, and meals are planned to meet the needs of its residents.

The use of the roof of the Home during hot weather helps to make the summer more pleasant.

Students are expected to comply with dormitory regulations which are made for the welfare of all.

The Director and several assistants live in the Residence. It is the aim of the school to give such general supervision as seems wise for young women away from home, without subjecting them to unnecessary restraint.

The address of the Sprague Home, the Nurses' Residence, is 1750 West Congress Street, between Hermitage Avenue and Wood Street, and may be reached by any of the trains of the Metropolitan Elevated Railway, the Marshfield Avenue station of which is three blocks east of the Home; by the Ogden Avenue, Van Buren, and Harrison Street electric lines, which cross Wood Street one block from the Home.

The telephone number is Seeley 5153. Address all correspondence to the Director of the School of Nursing, 1750 West Congress Street, or the Presbyterian Hospital, Chicago.

The friends of the students are privileged to call on them between 7 a. m. and 10 p. m. and are requested to make either personal or telephone calls at the Sprague Home rather than the Hospital.

REQUIREMENTS FOR GRADUATION

Students who have met the requirements for admission, who have completed the prescribed course of instruction, and who have passed the required examinations, will, upon recommendation of the faculty of the School, be eligible for the diploma granted by the Board of Managers of the Institution.

STATE REGISTRATION

As the School is registered in the State of Illinois and by the Regents of the University of the State of New York, upon the successful completion of the course, graduates are eligible for admission to the examination for registration in these and other states where registration laws are in effect.

THE ALUMNAE ASSOCIATION

The Alumnae Association, organized in 1906, is a means of mutual benefit and pleasure to the graduates of the School. By joining the Alumnae Association graduates are eligible for membership in the District, State, and National Nursing Organizations as also in the nursing service of the National Red Cross. Use of the endowed room in the Presbyterian Hospital, when ill, is another of the many privileges open to those graduates who meet all the conditions of membership.

A Sick Benefit and Relief Fund has been started, through subscription of each member of the Alumnae, to be available, should occasion arise for any member in good standing.

Since 1920, November 11 of each year is held by the School as Home Coming day for its graduates, and all are invited to take part in the reunion. All graduates of the School are invited to become members of the Alumnae Association.

In March, 1920, the Alumnae Association voted an annual subscription of twenty-five dollars, later increased in amount, for the purpose of placing professional and other magazines in the Library of the School.

In September, 1921, the Alumnae Association decided to enlarge the endowment of the School of Nursing, started by Mr. Nelson B. Holden in 1909, and has been using efforts to bring this fund to a substantial sum.

OPPORTUNITIES

Opportunities open to the graduates of the School include: private duty nursing; public health nursing in its many forms; appointments in the Red Cross, the Army or Navy Nursing Service; positions as head nurses, supervisors, instructors, and administrators in schools of nursing and hospitals; as teachers of nursing and health in schools and colleges; and other branches of work which are continually being opened to the graduate nurse.

Description of Courses

Hygiene

Personal Hygiene—20 Hours

Designed to provide the student with scientific rules for health considered in all its aspects, physical, mental, and social. (First year, first term.)

Dr. Caroline Hedger.

Assistant Instructor—Miss Van Horn.

Physical Education—15 Hours

A course is given during the preliminary period in simple gymnastic exercises. The object is to develop the muscles of the back, feet, and other muscles, so that the student may be ready for the eight hour day of nursing in the hospital. (First year, first term.)

Instructor from the Chicago Normal School of Physical Education.

Assistant Instructor—Miss Van Horn.

Public Hygiene—10 Hours

A course which gives a practical knowledge of the methods which are being used to protect the health of individuals and communities. (First year.)

Instructor—Miss Van Horn.

Chemistry—45 Hours

This course consists of lectures, recitations and laboratory work. It is to serve as a basis for a more intelligent understanding of physiology, dietetics, bacteriology, pathology, hygiene and sanitation, nursing practice and materia medica. (First year, first term.)

Instructor selected with assistance of Rush Medical College.

Assistant Instructor—Miss MacLachlan.

Anatomy—60 Hours

Divided into 30 one-hour lectures, 10 one-hour periods of discussion, reviews and quizzes, and 10 two-hour periods of laboratory and demonstration. The aim of the course is to stimulate in the student an interest in and appreciation of the human body and to furnish her a practical acquaintance with the superficial regional and general anatomy of the normal human body. (First year, first term.)

The Instructor is selected through the Department of Surgery, Rush Medical College. Arthur Dean Bevan, M.D., Clinical Professor and Chairman.

Assistant Instructor—Miss Dalton.

Physiology—60 Hours

This course, containing 30 one-hour lectures, 10 one-hour recitations and 10 two-hour laboratory periods, deals with the general principles of physiology, covering circulation, respiration, digestion, and other functions of the body. The object is to give the student a practical working knowledge of the function of the normal human body as the essential basis for the study of hygiene, dietetics, materia medica, and all pathological conditions, as well as for the safe and intelligent practice of nursing. (First year, second term.)

Instructor selected with assistance of Rush Medical College.

Assistant Instructor—Miss Dalton.

*Materia Medica**Elements of Materia Medica—25 Hours*

The object of this course is to familiarize the student with the various preparations of drugs, their classifications, administration, method of weighing and measuring, and the preparation of solutions. (First year, first term.)

Mr. Gray and Miss Dalton.

Materia Medica and Therapeutics—25 Hours

In this course drugs and remedial agents are grouped according to their chief physiological action. The attention of the student is directed to the group as a whole rather than to a detailed study of separate drugs. Specific facts in connection with single drugs are taken up only as they have a direct bearing upon the practical work of the nurse. (First year, second term.)

Instructor selected with assistance of Rush Medical College.

Assistant Instructor—Miss Dalton.

Bacteriology—70 Hours

This course includes the general study of bacteria and other micro-organisms as to types, conditions for growth and substances affecting growth; especially bacteria as related to disease production, and their role in immunity reactions. Throughout the course practical application is made to nursing. (First year, second term.)

Instructor selected upon advice of the Department of Hygiene and Bacteriology, Rush Medical College. Edwin O. Jordan, Ph.D. Sc.D., Professor and Chairman.

Assistant Instructor—Miss Swetland.

Nursing—120 Hours

Classes, demonstrations, conferences, supervised practice in class room and ward, with special emphasis on underlying principles. Starting with elementary procedures, it carries the student as she advances through every detail of nursing technique, including nursing of the

sick child, and of the adult in all forms of illness. Medical, surgical, gynaecological nursing methods are carefully taken up, care of the injured or diseased eye, ear, nose and throat all having proper presentation in this course.

Classes, conferences (first, second, and third years).

Instructor—Miss Russell.

Demonstrations, supervised practice, and ward work (first year).

Instructor—Miss Ainsworth.

Supervised Ward Work (second and third years).

Instructors—Misses MacLachlan, Seegmiller and Swetland.

Bandaging—10 Hours

This course covers discussion and demonstration of the material and various types of bandages with an opportunity for the student to practice the application of bandages. The course is intended to help the student become expert with her hands and to gain a knowledge of the fundamental principles of the art of bandaging. (First year.)

Instructors—Misses Swetland and MacLachlan.

Charting—10 Hours

A short course to familiarize the student with record making. This includes recording the administration of medicine, laboratory specimens, pulse, temperature, respiration, diets, observations, and other nursing procedures. (First year, second term.)

Instructor—Miss Swetland.

Massage—16 Hours

This course aims to develop in the student an intelligent conception of massage as a therapeutic measure, and to enable her to perform such rubbing as is a part of her nursing work. (First year.)

Instructor—Mrs. Cope.

Ethics and History of Nursing—46 Hours

A study of the development of nursing from ancient to modern times, emphasizing nursing traditions and ideals. The course deals with the modern development of nursing, the attitude of the nurse towards her various problems. (First, second, third years.)

Instructors—Miss Russell, Miss MacLachlan.

Dietetics—73 Hours

I. Dietetics and Cookery. (Lectures, 20; Laboratory, 30.)

The lectures include the study of the food principles and of foods; review of processes of digestion, absorption and metabolism; dietary studies and normal nutritional requirements and planning of meals.

Laboratory, 15 periods of two hours each. Includes the principles of cooking and the preparation and service of individual portions of food used in invalids' diets; preparation and service of breakfast, dinner, and supper trays for adults and children. (First year, first and second terms.)

II. Diet in Disease. (Lectures and Laboratory, 15 hours.)

Includes the study of disease in so far as dietary application will necessitate. Corrective diets are planned and served to meet special nutritional requirements involved in the particular disease under consideration. A dietetic case study is made by each student in addition to daily assignments. (First year, third term.)

III. Senior Dietetics. (8 Lectures.)

Includes a review of the principles of dietetics, the normal diet and diets for special disease conditions.

Instructor—Miss Hunzicker.

Psychology—20 Hours

This course briefly surveys the underlying causes of human behavior to give the student an understanding of every day problems. (First year, third term.)

Instructor—Bert I. Beverley, M.A., M.D.

Assistant Instructor—Miss MacLachlan.

Introduction to Medical and Surgical Nursing—15 Hours

This course is intended as an aid to the understanding of the principal causes of disease.

It deals with congenital malformations, retrogressive changes, circulatory disturbances, inflammation, neoplasms and healing, and attendance at autopsies.

Instructor—Dr. Apfelbach.

Assistant Instructor—Miss Dalton.

Medical Nursing—51 Hours

A study of the causes, symptoms, prevention and treatment of the more common medical diseases. Given in lecture, clinic, discussion, and demonstration. (First year, third term, and third year.)

Lecturers, members of the Department of Medicine, Rush Medical College. Ernest E. Irons, M.D., Ph.D., Dean Rush Medical College.

Instructor—Miss Seegmiller.

Communicable Diseases—30 Hours

A study of the nature of the principal communicable diseases, with discussion of technique and isolation. (Second year.)

Lecturers—Dr. Bertha Shafer, Dr. Luke Hunt.

Dermatology—6 Hours

The lectures take up the more common skin diseases with a review of the structure and function of the skin; inflammatory conditions and lesions of the skin with some of the treatments used. (Second year.)

Lecturers, members of the Department of Dermatology, Rush Medical College. Oliver Samuel Ormsby, M.D., Clinical Professor and Chairman.

Surgical Nursing—30 Hours

Causes, symptoms, and treatment of the principal surgical diseases. It is intended to show the necessity for early recognition with methods of prevention of disease and to instruct the nurse how to act promptly and wisely in emergencies. (First year and third year.)

Lectures given by members of the Department of Surgery, Rush Medical College. Arthur Dean Bevan, M.D., Clinical Professor and Chairman.

Instructors—Misses Swetland and MacLachlan.

Gynaecology—20 Hours

In these lectures and recitations are presented the aspects of gynaecological diseases, the pathology of the pelvis, treatment, operations, etc. (First year, third term.)

Carey Culbertson, M.D., Assistant Clinical Professor of Obstetrics and Gynaecology, Rush Medical College.

Instructor—Miss MacLachlan.

Operating Room Technique—18 Hours

The object of this course is to give the student an understanding of surgical technique, the principles involved, the equipment of an operating room, its cost, use and care. (Second year.)

Anaesthesia—4 Hours

A short course to point out the danger points in the administration of anaesthetics, and to make the nurse intelligent in the preparation and care of patients immediately before and after anaesthesia. (Second year.)

Lecturer—Dr. Herb.

Orthopedics—6 Hours

Lectures and demonstrations to acquaint the student with the apparatus peculiar to orthopedic work and with the nursing care of orthopedic patients. (Second year.)

Charles Aubrey Parker, M.D., Associate Clinical Professor of Surgery, Rush Medical College.

Assistant Instructor—Miss Morley.

Pediatric Nursing and Infant Feeding—30 Hours

This course deals with normal development of the child and the essential principles of child hygiene and management. It includes a study of the principal diseases which affect children, instruction in the preparation of infant's food; and discussion on the causes and prevention of infant mortality. (Second year.)

Clifford G. Grulee, A.M., M.D., LL.D., Clinical Professor and Chairman of Department of Pediatrics.

Instructor—Miss Morley.

Obstetrical Nursing—30 Hours

These lectures touch on anatomy and physiology of reproduction, physiologic and pathologic pregnancy, labor and puerperium, and take up such other points as are necessary to assure to the obstetrical patient intelligent and interested nursing technique and care. An effort is made to arouse interest in this branch of nursing, to point out its importance on the welfare of the race and its vital social aspects. (Second or third year.)

Lectures selected with assistance of Department of Obstetrics, Rush Medical College. Aaron E. Kanter, M.D., Associate Clinical Professor.

Instructors—Miss Hubbard, Miss Mazzorana.

Nervous and Mental Diseases—30 Hours

A review of the nervous system; nervous and mental disorders; their common forms, usual symptoms and care; relationship between mental and physical illness. Application of the underlying principles of nursing to the care of mental and nervous patients, with discussion of the place of the nurse in preventive and mental hygiene work. (Second or third year.)

James Cornelius Gill, M.D., Clinical Professor of Neurology, Rush Medical College.

Nursing of Diseases of the Eye—4 Hours

A review of the anatomy and physiology of the eye; injuries and diseases relating to the eye, with their causes, symptoms and treatment. (Third year, first term.)

Earl B. Fowler, M.D., Associate Clinical Professor, Department of Ophthalmology, Rush Medical College.

Assistant Instructor—Miss Dalton.

Nursing of Diseases of Ear, Nose and Throat—6 Hours

Lectures covering anatomy and physiology of the ear, nose and throat, the diseases of these organs, and their treatment. (Second or third year.)

George Elmer Shambaugh, Ph.B., M.D., Clinical Professor and Chairman of the Department of Laryngology and Otology, Rush Medical College.

Modern Social Problems and Agencies—15 Hours

Lectures designed to give the nurse the concept of the normal standard of living and an understanding of social problems as related to her work. Physical and mental diseases and accidents are considered from the point of view of their social causes, social effects. The work of the various social agencies of Chicago is presented, and the student is introduced to certain current social problems and proposed solutions. (Second or third year.)

Case Study

The object of this course is to encourage independent study and reading on the part of the nurse, to develop a broad understanding of the condition of her patients in order that she may give them adequate care. (Second and third years.)

Instructors—Misses MacLachlan, Seegmiller and Swetland.

Survey of Nursing Field and Professional Problems—30 Hours

A general survey of the nursing field, including the various forms of nursing open to the graduate nurse. These lectures are given by specialists and cover many subjects. They are supplemented by classes in which the students have opportunity to discuss questions and problems important for them to be informed upon. (Third year.)

Miss Russell.

Others under the auspices of the Chicago Tuberculosis Institute.

STUDENTS IN THE SCHOOL OF NURSING

1933—A Division

AINSWORTH, RUTH	Fort Dodge, Iowa
ANDERSON, IRMA	Virginia, Minnesota
BILLUPS, ANNA MAE (St. Cloud Teachers' College, 2 years)...	Stickney, S. Dak.
DEGENER, NONDAS L.....	Milford, Illinois
DE VRIES, JOHANNA, A.B. (Central College, 1929).....	Lincoln, Nebraska
DOBBYN, MARY	Florence, Ontario, Canada
EDWARDS, ELOISE	Centralia, Illinois
HASSINEN, DOROTHY.....	Ironwood, Michigan
JOHNSON, BERTHA.....	St. Charles, Illinois
KIDDIE, MARGARET.....	Crystal Lake, Illinois
LAMBERT, MARIAN.....	Princeton, Missouri
LUCK, EVA.....	Remington, Indiana
McTAVISH, ISABEL M.....	Elgin, Illinois
McWATTERS, VERA, A.B. (North Central College, 1930) ..	Washington, Michigan
MALONE, MABEL.....	Jackson, Minnesota
METCALFE, DOROTHY.....	Waterloo, Iowa
NELMARK, FANNIE.....	Ironwood, Michigan
NEVILLE, JULIA, A.B. (University of Illinois, 1929)	Kewanee, Illinois
NIXON, EMILY MAY, A.B. (Park College, 1928)	Spencerport, New York
OWEN, LOIS J. (Moody Bible Institute, 2 years)	Western Springs, Illinois
REINHOLT, VIVIAN (University of North Dakota, 1 year) ..	Grand Forks, N. D.
SALZMAN, ESTHER, B.S. (Wheaton College, 1929)	Kankakee, Illinois
SCHYTTNER, EBBA MARIE (Northwestern College, Minneapolis, 3 years)	
.....	Stacy, Minnesota
SIMMS, DOROTHY.....	Buda, Illinois
STEIGMAN, KATHRYN.....	Thawville, Illinois
TOMBAUGH, RUTH.....	Streator, Illinois
VOSLOH, LILLIAN, A.B. & B.S. (Phillips University, Oklahoma, 1925)	
.....	Poplar Bluff, Missouri
WALKER, ESTHER.....	Mt. Olive, Illinois
WESSELINK, ELIZABETH, A.B. (Central College, 1930)	Pella, Iowa
WILLIAMS, AUDREY IONE.....	Waterloo, Iowa
WILSON, MARJORIE.....	Rochester, Indiana

1933—B Division

DE KLIENE, MARJORIE.....	Milwaukee, Wisconsin
DEUTH, MARJORIE.....	Alexis, Illinois
FAVEL, ALICE.....	Waupaca, Wisconsin
